

Measuring Sheet 2.

Name: _____.

Decide whether you would use metres (m) or centimetres (cm) to measure the following;-

A	B
1. Your table	1. Length of the tape recorder
2. Your Pencil	2. Height of my cupboard
3. My desk	3. Length of the corridor
4. The blackboard	4. My height
5. The width of Korky Paul's book	5. Length of the sink
6. A rubber	6. Width of your tray
7. Your exercise book	7. Length of your reading bag
8. Your ruler	8. Length of your foot
9. Width of the classroom	9. Height of your science book
10.Length of the bookshelf	10.Width of the school yard.

Estimate the above measures and then measure them.
